Question #3

How Long Will It Take For Delivery?

Delivery is always fairly fast, this does depend on your physical location and the model and package you order.

All our machines are tested and have an extensive pre delivery check completed prior to shipping to ensure your machine is delivered in top working order.

Question #4

Can I Pick It Up Myself?

Yes, many people collect their scissor lift package directly from our factory, 103-109 Quarry Road, South Murwillumbah NSW.

You're more than welcome to pick up your package yourself and get a run down of the machine face to face. We are open Mon- Fri 8-4pm.

Frequently Asked Questions

Question #5

Where Do You Deliver To?

Delivery is simple and easy, no matter where you're located in Australia. We only use select carriers that have specialised trucks set up to allow unloading without the need of a forklift.

Please send us an email at office@masterlift.com.au or give us a call to discuss delivery options for your address.

Question #6

What Is The Delivery Cost?

Delivery cost varies with location, though we have a cost effective solution via the fleet of specialist trucks. Please give us a call and we are able to provide pricing for your scissor lift package and delivery over the phone.

Masterlift

Question #7

How Much Deposit Do I Have To Pay?

In most cases, no deposit is required if you are financing your package. If you are paying directly up front, we take a small deposit to prepare your order, then when your machine is ready to send, you pay the balance.

Question #8

How Long Does Finance Take?

Finance is simple, straightforward, takes a few minutes over the phone and you will generally get your approval very quickly once you submit your documents. We use specialised finance brokers to take care of the finance for our customers, they are experienced with dealing with our products, which makes the process quick and easy.
